

Halifax Concert Band Society Annual Meeting November 3, 2020 Report of the Membership Director

In March 2020, all activity in the band was suspended due to COVID-19. At the time, there were 66 active members. We had hoped to start up the band in September, as usual. Current Provincial regulations do not allow bands of our size to be in any space. We are hopeful that this situation will change in 2021.
