Amazing Grace - Great start. How pp and fully supported
can you play? [9] Treat it like chamber music.
Beautifully balanced → Find and bring out the really
interesting notes from the texture and then
blend again. [43] Spaggier. All wonderfully in line,
but feel free to experiment with some push +
pull rubato. Build fusion! 79 → 91 build and grow.
Set each new entrance like you forward. Take a breath
before 99, 101 102 + 103 place those chords where you
want them. Fantastic job. Well done.

Windjammer - Very lovely start trumpets! Great balance
at 10-13. More flute + clarinet 17 18. Arrive deeper at [23].
Great solos at 33. Personal preference, but I'd love more
low end always. Make sure you're all exactly in the
same tempo around [67] + [103]. Punchier 2's at 135.
Same at 154 + 155 etc. Push at 195, keep air spinning flies
+ clarinet all the way from 199 - end.
